

Public Workshop

Public workshops are two-day events designed to enhance the training experience through interactive activities focused on sharing best practices and peer learning. All public workshops are facilitated by our Certified Trainers and provide a strong opportunity for development or vetting toward certification and organization-wide rollout strategies.

January 14-15, 2019

Situational Leadership®: Building Leaders

Situational Leadership®: Building Leaders introduces participants to the Situational Leadership® Model and equips leaders with the necessary tools to skillfully navigate the demands of an increasingly diverse workforce and evolving global marketplace.

Leading With Emotional Intelligence

Leading With Emotional Intelligence gives participants an in-depth understanding of the influence emotions have on thoughts and actions and, ultimately, the effectiveness of the leader. By harnessing the power of Emotional Intelligence, leaders can apply these attributes to motivate and engage their teams and increase performance.
